God's Word to Women College is offering

**THE SPIRIT, THE BIBLE & WOMEN**

Beginning Tuesday, Sept. 16, 7 pm (CDT)

Access: Live and Archived

Duration: 12 lessons x 4 semesters = 48 lessons

In 2008, I recorded my course "The Spirit, The Bible and Women" on video in 20 lessons. The content was rich, but the video and audio quality were poor because we were inexperienced and lacked quality equipment. The course has been archived for 6 years at <http://www.icwhp.org/sbw.html>.

Now, with the new God's Word to Women Studio together with what we understand to be a strong directive from the Holy Spirit, we are planning to reteach the entire course in detail in TV-quality in an expanded version over a period of a year beginning Sept. 16.

This time, I plan to major on the TV production process and also create helpful visual aids, but I have asked Eddie to be the primary teacher. He has graciously agreed!

## COURSE DESCRIPTION

The Thesis of the Course is this:

According to the Bible, accurately interpreted in terms of the various contexts (i.e., literary, cultural, etc.), teaches that men and women are equal in terms of substance and value, privilege and responsibility, function and authority in all areas of life, including marriage, ministry, and leadership.

Released in 1998 (textbook) and 2000 (manual & dissertation), this material has been the most comprehensive available on Biblical Womanhood from a Word and Spirit perspective, covering the biblical, theological, historical, practical, and sociological components of the issue. In fact, it has been a primary resource for many others who have since authored books on various aspects the "woman issue."

The course is sound in all respects, having been scrutinized with a fine-tooth comb by some of the best theologians at both the graduate and doctoral levels. When I tested the effectiveness of the material in my doctoral study group, which I conducted at a well-known, international Bible college, it proved to be 100% effective in creating a paradigm shift in thinking from the traditional view to Biblical view of womanhood.

Since this doctrine of Biblical equality as stated in the thesis is unquestionably an integral part of the Gospel, it is important that we embrace it, proclaim it, and demonstrate it in our daily lives. In the Great Commission, Jesus said that we are to teach ALL that He commanded. Here is an unbeatable opportunity to equip yourself to do just that!

Even if you have already studied the material, I hope you will participate in this new presentation of the course because I believe you will receive keener insights and fresh inspiration!
